

**WAROM TECHNOLOGY INCORPORATE COMPANY
AND
RAX TECHNOLOGIES**

INTRODUCTION

WAROM Technology is the largest Explosion-Proof Product manufacturer in China and one of the top five in the world. After 28 years of endeavor in the field of Explosion Proof Technology, WAROM has gained a strong brand recognition in the market and been regarded as the industrial leader for Explosion-proof product in China. Partner with Rax Technologies as their sole distributors in Nigeria and Ghana.

WAROM's product spectrum forms a complete range for Ex field, including explosion-proof light fittings, junction boxes, board panels, plug and socket, switches, air-conditioner, pushbuttons and components, etc.; and all products are **ATEX** and/or **IECex** certified and have been widely used in a variety of industry such as Oil and Gas, petrochemical, Chemical, Pharmaceutical, Military, Aerospace, Shipbuilding, Food, Power Supply, Mining, and Biofuel industry.

With its deep root in China, the company is committed to deliver safety and reliability to its customers globally. It has established an international sale and technical service network covering more than 30 countries. The company is also devoted to strengthening its service capacity in regions of strategic importance, including the Middle-east and the North Africa, through the localization of its manufacturing, technical support and logistic operation.

Over the past years, the international operation growing stronger in a strategic sense for the group, Warom Technology is currently seeking partners in various regions, with willingness and motivation for mutual success, to join hand together in building strong market share for our Ex series product.
